SPECIALIST TENNIS PROGRAM

Develop your tennis skills while at John Forrest Secondary College

The John Forrest Secondary College Specialist Tennis Program offers students the opportunity to pursue their interest in tennis under the guidance of expert coaches and in a variety of competitions. Being the only Tennis program north of the river, league and tournament players are able to further develop their skills while attending high school.

The program is open to Year 7 to 10 students. Year 11 and 12 students can pursue clear and established educational and workplace pathways in our senior school.

Specialist Sport Program students have a unique opportunity to develop leadership skills and self-discipline and are expected to maintain a high level of endeavour in all learning areas, not only their chosen sport and are expected to participate in the wider College community.

The College was awarded the 'Most Outstanding School for 2022' at the recent TennisWest Awards Night.

The Specialist Tennis Program requires a commitment of four years (Years 7-10).
